The BOA journal has been systematically built up by Dr Subhash Gokhale and Dr B K Nayak, the previous editors of the journal, and theirs' is a tough act to follow.

Nevertheless I shall try my best to keep up the standards that the BOA members have grown accustomed to. In particular the practice of including a CD with some of the issues which has been pioneered by Dr BK Nayak will be continued. Only we have changed it from videoCD format to computer multimedia format. This quarter's journal has accompanying it, a multimedia CD presentation on the divide and conquer technique of phakoemulsification by Dr. Sandeep Nagvekar, one of our members, who is a leading proponent of the art and science of phakoemulsification.
